

Memory CD Autobiography

A custom, personalized memory CD will be produced for your class.

This memory CD will contain the 1-page auto-biographies that you and any of your classmates create and submit to us via email, all of the candid photos that our photographer takes at the event, and a high resolution digital group photo.

Even if you don't attend, your classmates would like to know what's happened in your life. You might even choose to purchase a memory CD without attending.

Here are some ideas and guidance on completing your personal biography file:

- Create a 1-page electronic document (8 ½ x 11" in size).
Acceptable electronic formats are: Microsoft Word .doc, Adobe .pdf, or .JPG.
You could build one on paper and then scan it, or create it electronically from the start.
 - File name format: lastname_firstname_classname.xxx
(example: smith_james_highland80.doc)
 - Please put your name (first, middle, last name in HS, current last name) somewhere on the page, along with your class name/year.
 - Fit everything/anything you like on the page ... just keep it to 1 page.
 - Attach pictures...of yourself (in high school and/or now), of your family/kids, of your friends (in high school and/or now), of your pets, etc.
 - Attach your business card (advertising!).
 - Write a few words or a short story about what you've done since high school. Things to include in your story...
 - Occupations (past and current)
 - Marital status/children/family
 - Accomplishments and/or events in your life
 - Travels
 - Hobbies/Interests
 - Favorite high school memories
-
-

DEADLINE:

Please email this personal biography file to us no later than **your reunion date**.
