

Memory Book Autobiography

A custom, personalized memory book will be produced for your class.

This memory book will contain information and trivia from your high school years, auto-biography updates from each of your classmates, and a class directory (contact information for each classmate that responded to the invitation).

Even if you don't attend, your classmates would like to know what's happened in your life. You might also choose to purchase a memory book without attending.

Here are some ideas and guidance on completing your personal biography update:

- Please use the back of this page, or any blank 8-1/2" x 11" white page, or send a 1 page document to us via email (word, adobe, or even jpeg format).
 - Please put your name (first, middle, last name in HS, current last name) at the top of the page, along with your school name/year. This helps us alphabetize the pages.
 - Fit everything/anything you like on the page, allowing for at least a 1/2" margin on each side (to prevent it being cut-off during photocopying).
 - Attach pictures...of yourself (in high school and/or now), of your family/kids, of your friends (in high school and/or now), of your pets, etc. We will not be able to return any pictures/items you send, so please provide them accordingly.
 - For best reproduction quality, an actual glossy photo is best.
 - Pictures do not come through a fax very well, so please consider sending a text only auto-biography if you send yours in via fax.
 - Attach your business card (advertising!).
 - Write a few words or a short story about what you've done since high school. Things to include in your story...
 - Occupations (past and current)
 - Marital status/children/family
 - Accomplishments and/or events in your life
 - Travels
 - Hobbies/Interests
 - Favorite high school memories
 - You can make it typed or hand-written (if hand-written, please use black ink).
